

# DUAL WHEEL PNEUMATICS

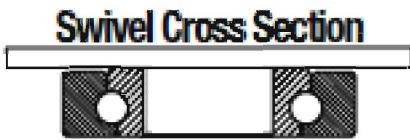

Looking for a wheel that offers the greatest possible protection to both loads and floors, with increased capacity? Look no further!

The Albion Dual Wheel Pneumatic line is ideal for your equipment if you transport fragile materials or parts - or if you move delicate instruments over rough floors.

These casters are ideal for use in:

- Aircraft dollies
- Light weight dollies and work stands needing a cushioned ride
- Aircraft/airport maintenance

Wheel Diam. (in.)	Wheel Width (in.)	Capacity (lbs.)	Overall Height (in.)	Swivel Lead (in.)	Part No.
